In 2013, assessed past events and annual campaign strategy, facilitated working session of key staff and volunteers, and delivered a complete project plan designed to help raise more money, increase the donor base, engage more volunteers in fundraising, improve ASP's community profile, and align with the annual giving campaign.

**“Thank you so much for your great work. You have been more help than you can ever imagine.”**

In 2019, provided strategic consulting for the *20th Birthday Bash* event, working hand in hand with Amphibian Stage Productions staff and volunteer leaders. We helped coordinate the messaging, engage donors, and provide event management support, resulting in more than \$85,000 raised for the annual campaign. We were retained again in 2020 to assist with the completion and submission of the NEA CARES Act grant application.

**“Great job! I’m really proud of the work everyone did and so grateful we had the smarts to hire Project Partners.”**
