

# PROJECT PROFILE

**BoardBuild**

**STORYBOARD DEVELOPMENT '18 -'19**  
*BoardBuild*

BoardBuild, a new joint venture partnership between Leadership Fort Worth and United Way Tarrant County, teamed with Project Partners for assistance during the development of an integrated online platform designed to strengthen communities through board member recruitment, training and matching with nonprofits in their communities in need of their leadership. Project Partners developed the scripted storyboards for the video production by Fort Worth-based Four Day Weekend - another BoardBuild partner.

**“We are so excited about BoardBuild. Numbers are looking good. We couldn’t have done it without you all, and it would be fun to partner again.”**

Harret Harral, Ph.D., Executive Director  
Leadership Fort Worth

**“You should know that Four Day Weekend raved about the storyboards, asking in particular who developed them. I bragged on Project Partners. We are leap years ahead of the video production game with these storyboards. Hoping for future BoardBuild/Project Partners engagement!”**

Pam Cannell, CEO  
BoardBuild
